For immediate
access to over
80,000 products,
contact us today!

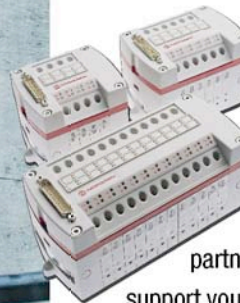

If you're looking for a complete pneumatic system or just components and parts, you've come to the right place! With authorizations to the top pneumatic manufacturers in the world, you have immediate access to over 80,000 products – all just a phone call away.

For over 70 years, SunSource has provided industrial America with cost saving solutions to reduce operating expenses and improve plant and operational efficiency.

With over \$30 million in inventory, our goal is to provide you the right part, delivered to the right place, exactly when you need it.

When your success depends on the success of others, it becomes critical to develop strong, lasting partnerships with suppliers who support your company's need for a competitive advantage. It's all part of the SunSource Advantage – Discover it Today!

DISCOVER THE SUNSOURCE ADVANTAGE . . .

ON-TIME DELIVERY

We may be a national company, but we think locally. SunSource is committed to keeping your plant running—through on-time delivery of components, systems and information. You can rely on SunSource to deliver the right products at the right time.

ERROR-FREE SERVICE

SunSource focuses on quality systems to ensure error-free service from the point of purchase to delivery to invoicing. Error-free service helps reduce your costs through:

- Right part, right time, right place
- Hassle-free ordering process
- Prompt, efficient and accurate transactions

FLUID POWER EXPERTISE

SunSource can provide complete system design or application engineering support, helping to improve performance and functionality in both plant and OEM applications. Our professionals offer complete system design, application engineering support and engineered fabrication assistance.

LOCAL INVENTORY

SunSource's local branch network stocks many of the components used by your company. Our real time operating system gives you access to over \$30 million in inventory. SunSource is there to provide critical components and to ensure delivery when you need it.

SERVICE AND REPAIR

SunSource offers our customers a nationwide service and repair network. We deliver cost-effective, timely remanufactured components and systems. SunSource also provides 100% testing to new factory specifications and a large inventory of remanufactured units ready to ship. SunSource Field Service Associates can help with troubleshooting and retrofit of fluid power systems providing increased productivity and trouble-free operations.

QUALITY PRODUCTS FROM A SINGLE SOURCE

Whether you need a complete system, or just components, SunSource can provide you with a broad array of high quality products from a single source-allowing you to reduce your costs through a streamlined supply chain. This means fewer purchase orders and transactions, component standardization, and access to products from over 250 quality manufacturers.
